

# NLCHPP Fertilization “Rebate” Program Guidelines

NLCHPP’s purpose for a “rebate” is to help alleviate conflict with big game and landowners who are impacted. This rebate is for commercial fertilizer applied exclusively to hay lands, (no exceptions). Hay lands are defined as grass hay or alfalfa hay or alfalfa/grass mix, (no exceptions). The hayfields must be subject to wildlife foraging, (big game) consumption intermittently over a six month period of any one calendar year. Your statement of verification of such use is required, but documentation is not required unless deemed necessary by the NLCHPP committee to fairly allocate or distribute limited funding.

The total funding for this Fertilizer Rebate Program is set at \$4990 for our fiscal year ending June 30, 2012.

- 1) Landowners within our NLCHPP boundaries who apply commercial fertilizer to hay ground are eligible to apply.
- 2) Commercial fertilizer must have been applied to this year’s hay crop. Time frame February 2012 through June 1, 2012.
- 3) A paid receipt from your vendor (marked paid in full) must be submitted along with your application and a W-9 form for payment processing purposes. (Unpaid bills or invoices are not considered.)
- 4) Reimbursement amounts will be based upon the following criteria:
  - a. 20% of your paid bill submitted, excluding any taxes paid.
  - b. A maximum payment of \$500 for any one family/corporation/entity as funding is limited.
  - c. When the project funding maximum of \$4990 has been reached payments will cease.
  - d. Payments requests will be made as completed applications are received. Payments will be sent to applicant directly within a four week period.
- 5) All information must be received by our deadline of June 1, 2012.

Example of payment request:

- 1) Bill of \$4000 20% = \$800 Rebate= \$500 (maximum paid)
